2012 Business Professionals in the Classroom

Teachers: Complete the sign-up sheet below and send it in!

The Greater Springfield Chamber of Commerce, in partnership with the Springfield Education Association (SEA), is hosting Business Professionals in the Classroom. This is similar to what the SEA has done in the past and allows members of our business community to spend all or part of their day in a classroom providing them an opportunity to see the outstanding work our members are doing to educate the students in Sangamon County.

We are changing it up a bit! To allow more opportunity for you to take part, this year's event will take place over a three day period. Please mark your calendars for the following date(s):

Tuesday, April 17 - Wednesday, April 18 - Thursday, April 19

If you would like to participate, please fill out this form and return it to the The Chamber no later than **March 1, 2012**. The committee will pair teachers with business people and send confirmations via e-mail to both of you. Once you've received the confirmation, please contact your business partner to create a plan.

Activities may be varied depending on the type of class and the comfort level of both the teacher and the guest. Some guests help the teacher with activities, some actually teach a lesson, while others may spend an hour or two discussing their favorite topic. Topics can be career-oriented, tied into the teacher's unit, or whatever you wish!

Remember: this is a flexible arrangement between you and your business partner. It can last anywhere from an hour to a full day.
