

System of Support Target Chart

| | | |
|--|---|---|
| 1. Does the building have an effective school improvement plan (based on data analysis)? | 2. Does the proposed activity align with the school improvement plan and will the activity make an impact on student achievement? | 3. What data can be collected to determine if the activity increases student achievement? |
| 4. What type of follow-up is planned for the proposed activity? | 5. Does the data indicate that the activity is effective in increasing student achievement? | 6. Do we continue with the activity or investigate another strategy? |
